Experience

Director of Clinical Training | ABENA-EPIPROTECT | UAE| 2025 – Present

Global Clinical Education & Training Strategy: Designs and leads comprehensive clinical training programs for physicians, nurses, and commercial partners across international markets, ensuring all training aligns with clinical indications, safety protocols, and regional regulatory standards.

Scientific Engagement & Partnership: Serves as a medical science liaison to healthcare institutions and Key Opinion Leaders. Builds long-term professional partnerships to advance evidence-based adoption of EPIPROTECT through clinical data exchange and strategic collaboration.

Evidence Generation & Compliance: Supports post-market clinical follow-up and real-world evidence initiatives. Ensures all medical communications and materials comply with local and global regulatory requirements.

Cross-Functional Leadership: Partners with R&D, Regulatory, and Marketing teams to integrate medical insights into product development and market expansion strategies.

Digital Training Transformation: Architecting the clinical educational framework and content strategy for our upcoming digital platform for remote HCP training and certification.

Senior Managing Consultant | ICME International | UAE | 2023 – 2024

Scientific Cluster Strategy RedSea Global (Vision 2030): Commissioned by RedSea, backed by PIF, to architect the foundational strategy for a $1.37B world-class scientific cluster. Conducted global benchmarking against leading hubs (Boston, Oxford, Singapore), led expert interviews across international ecosystems, and delivered the comprehensive vision and strategic roadmap to establish the cluster's operational and scientific framework.

Greenfield Hospital Project - Salalah, Oman: Commissioned by the Abu Dhabi Fund for Development, led the end-to-end strategic planning and master planning for a $400M turnkey hospital. Directed the project from initial land selection and feasibility studies through the detailed planning of all development phases, establishing the foundation for a major new healthcare facility.

Team Leadership & Project Delivery: Directed a high-performing consulting team to ensure the successful end-to-end delivery of complex healthtech projects, from tender responses to the design of turnkey hospital solutions across the GCC.

Managing Partner | MStrategy Global | Dubai, UAE | 2022 – 2023

Designed and advised clients on go-to-market strategies in the GCC region
Led business development within governmental and private sectors.
Represented the company in meetings with stakeholders in the Saudi Ministry of Health for the Health Cluster Program.
Executed due diligence and risk analysis for VCs investments in medical technologies.
Managed a team of healthcare and pharma experts, successfully delivering projects on record time.
Mitigated a medication shortage crisis for a major healthcare provider in the EU by securing local manufacturing contracts.

Founder| Axion AI Inc | Montreal, Canada | 2021 – 2022

Raised and managed $250K in non-dilutive funds and secured support from Canada Innovation Ministry.
Managed all aspects of business development, from market research and finance to operation, risk analysis, and exit strategies.
Formulated the company vision, goals, and objectives; hired and trained employees.
Managed the creation of the business plan, pitch deck, and demos.
Built and maintained professional relationships with potential investors and partners.
Successfully completed the NEXT AI accelerator program.

VP of Operations | Speetar Inc | Vancouver, Canada | 2020 – 2021

Led contract negotiations securing a $1.5 million contract with the UNDP.
Headed the product development of a COVID Rapid Response platform and app from idea to market in 12 weeks.
Built and maintained strong relationships with the Libyan Ministry of Health, Medical Council, and NCDC representatives.
Implemented Agile/Scrum project management, doubling team productivity and ensuring on-time, on-budget delivery.

Founder | Synaptecha Inc | Montreal, Canada | 2015 – 2018

Led R&D for Canada's first smart asthma inhaler.
Formulated product roadmaps through analysis of internal and client requirements.
Realigned the product's roadmap and redirected 30% of saved resources (over $500K CAD) into developing a HIPAA Compliant Paas/SaaS.
Maintained 100% compliance with FDA ICH-GCP/GDP Standards.

Advisor in Digital Transformation & Health Technology | 2018 – 2024

Engaged by various enterprises (including Conova AI, Valex Group, Sensura, Monbanc Inc, Onchain) for targeted projects requiring specialized expertise.
Developed strategic roadmaps for sustainable innovation in Artificial Intelligence, VR/AR, and Blockchain technologies.
Advised on product strategy, product management, and business development.
Provided due diligence, risk analysis, and mitigation for VC and angel investors.
